MANDATORY TEN DIGIT DIALING

The Federal Communications Commission (FCC) has adopted 988 as a new three-digit number to be used nationwide to reach the National Suicide Prevention and Mental Health Crisis Lifeline.

In order for 988 to work in the 806 area code, 10-digit local dialing must first be implemented. To complete local calls, all customers in the 806 area code will need to dial the area code followed by the 7 digit telephone number. 10-digit dialing was mandatory October of 2021.

If you have any questions regarding information provided in this notice, please call Five Area Telephone Cooperative/West Plains Telecom for more information. You can also visit the FCC website at <https://www.fcc.gov/suicide-prevention-hotline>.

LATAS

LONG DISTANCE CALLING

Your local telephone company offers long distance service within a specific geographic area referred to as the Local Access Area or LATA. Below is a map of the State of Texas, which indicates the various LATAs. Five Area Telephone Cooperative's and West Plains Telecommunications' long distance service area is within the Lubbock LATA as indicated by the shaded area on the map.

The Public Utility Commission of Texas has directed all local telephone companies to give residential and business customers the option of selecting an intraLATA (local toll) 1+ and 0+ long distance company other than the local telephone company. With this change, customers now have the option of selecting a long distance company for IntraLATA 1+ and 0+ calling.

You may now select one company for your intraLATA calls and another company for your interLATA calls. Many companies will offer both intraLATA and interLATA service, so you may have the option to select the same company for all your long distance calls. A list of long distance companies that are available may be obtained by contacting our business office. Questions regarding these companies' rates and services can be obtained by contacting the long distance companies directly.

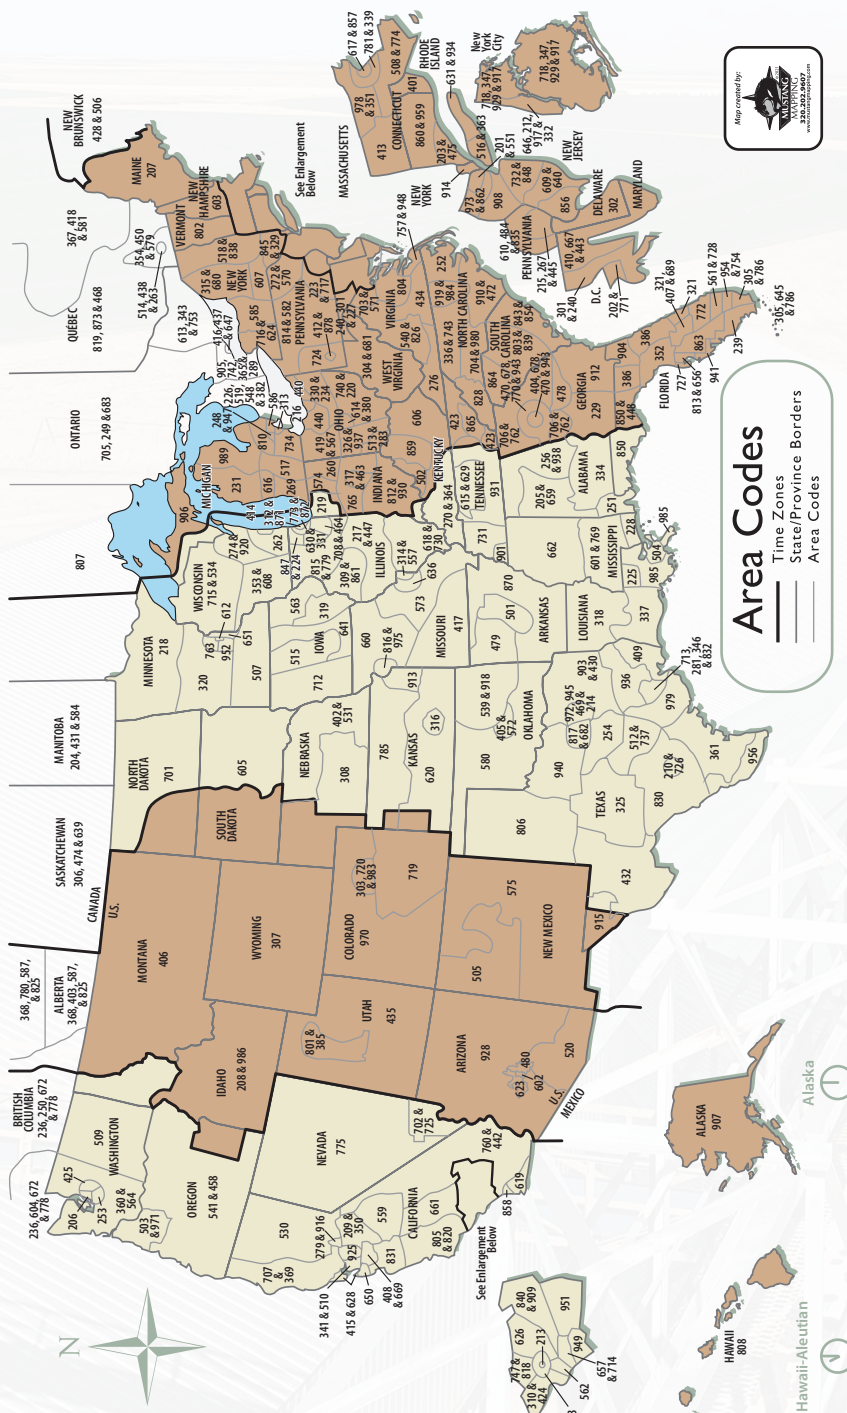

You may also make calls using a long distance company other than the one you have selected to handle your 1+ calls by dialing the appropriate 7-digit access code (101XXXX) for that company. You will need to establish an account with each long distance company you wish to use. Each long distance company can provide you with their 7-digit access code as well as their company-specific rates.

AREA CODES

-THE KEY TO FASTER LONG DISTANCE SERVICE-

The United States is divided into more than 300 telephone areas, each identified by a 3-digit area code.

You will find that your long distance calls go through faster if you give the operator the area code and the number. The area codes for many points are listed below. For example, just say: "Area code 311-555-2368."

If the operator needs to know the name of the place you are calling, the operator will ask you for it.

TYPES OF LONG DISTANCE CALLS

The following types of long distance calls are available through Five Area Telephone Cooperative and West Plains Telecommunications for calls that are within the Lubbock LATA. Information about the types of calls available other than Five Area's or West Plains' can be obtained by contacting your selected long distance company.

STATION-TO-STATION

Direct Distance Dialed (DDD) calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls and charging begins when the telephone you've called is answered.

PERSON-TO-PERSON (Dial Operator)

Call person-to-person when you wish to talk with a particular person or extension. Tell the operator you wish to make a "person-to-person" call and give the area code for the city you want, the telephone number, and the name of the person you are calling. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

COLLECT (Dial Operator)

You can call "collect" if the person or firm you're calling agrees to pay the charge. If you want to make a "collect" call, tell the operator and give the area code for the city you want and the telephone number.

CONFERENCE (Dial Operator)

You can talk with several people in different places at the same time. Dial operator and request to make a conference call.

MOBILE, MARINE AND OVERSEAS SERVICE

You can make local and long distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some mobile and marine calls can be completed by dialing; others must be completed by the operator.

BILL TO THE THIRD NUMBER

Customers may place calls and transfer the charge to another telephone. This service requires "operator" assistance. The call may be either station-to-station or person-to-person.

CALLING CARDS

A telephone calling card is a convenient way of making long distance calls when away from home. To apply for a calling card, call your long distance carrier.

COIN CALLS

From coin telephones, see the instruction card on or near the telephone, or dial "operator."

You will not be charged:

- If the telephone you called is busy or does not answer.
- If you hang up before dialing the complete number.

You will be charged:

- If your call is answered by an answering machine.
- If your call accesses a cellular tower.
- If you call a paging number.

DIRECT DISTANCE DIALING

With Direct Distance Dialing (DDD), you can dial your own station-to-station long distance calls. To make Direct Distance Dialing possible, the nation has been divided into more than 275 geographic areas. Each area has its own 3-figure "area code," (see map on page 10).

You probably can obtain the area code of the place you are calling by checking the map. If the map does not clearly show the area code you want, and it is not listed in the introductory pages of your directory, call the operator to request the area code.

TELEPHONE SOLICITATION

Texas law provides certain protections for a person who receives a telephone solicitation at a residence.

A telephone solicitor must:

- Identify himself or herself by name;
- Identify the business on whose behalf he or she is calling;
- Identify the purpose of the call; and
- Identify the telephone number at which the person, company, or organization making the call may be reached.

A telephone solicitor may not call a residence before 9 a.m. on a weekday or Saturday or before noon or after 9 p.m. on Sunday.

If a solicitor uses an automatic dialing/announcing device, the machine must disconnect from your line within 30 seconds after termination of the call.

Exceptions: The requirements above do not apply to telephone solicitations made at your request, or solicitations made in connection with an existing debt or contract, or calls from a telephone solicitor with whom you have a prior or existing business relationship.

If you use a credit card to purchase consumer goods or a service from a telephone solicitor other than a public charity (an organization exempt from federal income tax under the Internal Revenue Code §501 (c) (3)), the seller must:

- offer a full refund for the return of undamaged and unused goods within seven (7) days after you receive the goods or service (the seller must process the refund within thirty (30) days after you return the merchandise or cancel your order for undelivered goods or services); or
- provide you with a written contract fully describing the goods or service being offered, the total price charged, the name, address, and business telephone of the seller, and any terms and conditions affecting the sale.

Complaints. The Attorney General of Texas investigates complaints relating to a violation of this law, which is found at the Business and Commerce Code Chapter 37. If you have a complaint about a telephone solicitor whom you believe has violated this law, contact: Consumer Protection Division, Office of the Attorney General of Texas, P.O. Box 12548, Austin, Texas 78711, 512-463-2070.

Another law, found at Public Regulatory Act §55.151 and §55.152, requires a telephone solicitor to make every effort not to call a consumer who asks not to be called again. Complaints relating to a violation of this law are investigated by the Public Utility Commission of Texas. If you have a complaint about repeated solicitation from a telephone solicitor you have asked not to call you again, contact: Office of Consumer Protection, Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, 512-936-7120 or 1-888-782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at 512-936-7136.

Be advised that you have additional rights under federal law. Please contact the Federal Trade Commission or the Federal Communications Commission for further information on these additional rights.

DO-NOT-CALL REGISTRY

NATIONAL DO NOT CALL REGISTRY

You can register your telephone number for free, and it will remain on the national do-not-call list permanently. You may remove your number from the list at any time.

- calls from organizations with which you have established a business relationship;
- calls for which you have given prior written permission;
- calls which are not commercial or do not include unsolicited advertisements;
- calls by or on behalf of tax-exempt non-profit organizations.

For an application or to register by telephone, call toll free 1-866-TXNOCAL(L) (1-866-896-6225); or register on-line at www.texasnocall.com.

NOTICE OF NUMBER DELIVERY OVER 800 AND 900 SERVICES

YOUR RIGHT TO INSPECT THE COMPANY'S TARIFFS AND SERVICE RULES

The services provided to you by the company are public utility services. The rules, regulations and charges for these services are shown in the Company's tariffs. The tariffs have to be reviewed and approved by the Public Utility Commission of Texas. Documents relating to this are on file in our business office and you may ask to see them during office hours. If you want to ask for copies, we will provide them at a reasonable charge for the cost of making the copies.

If you apply for residential service, you will be informed of the lowest priced services that we make available. We will explain the alternatives available at your location, discuss any installation charges and discuss equipment choices which may be available to you.

PAYMENT OF BILLS

All bills for local, toll and miscellaneous services are due sixteen (16) days after the date of the postmark on the envelope or the issuance date on the bill if there is no postmark. If the bill is not paid by the due date, it is delinquent. If the due date falls on a holiday or weekend, the due date for payment purposes will be the next workday after the due date. You may pay your bill at the business office of the Company, either in person or by mail. We have a night depository at the business office for your convenience.

You are responsible for payment of all charges for local service furnished to you and any long distance calls (including special service billing charges) that are made from your telephone, including long distance calls received at your telephone where the charges have been reversed with consent of the person called.

Charges for local monthly services are billed one (1) month in advance. Charges for long distance calls, or any special service billings are based on actual use up to the date your bill is prepared. Charges for installing or changing your monthly service usually appear on the first bill after your order is completed. Charges for long distance calls are shown in detail on each bill. However, you may continue receiving local service as long as full payment for local service is timely made.

PROBLEMS WITH PAYMENT OF YOUR BILL

If you cannot pay your bill by the due date, please call the Company's business office. We may be able to make payment arrangements. The Company offers a deferred payment plan for residence customers who have not been issued more than two termination notices at any time during the preceding twelve (12) months. The Company is not required to enter into a deferred payment plan with any customer who has had telephone service for three (3) months or less, if the customer does not have sufficient credit, or a satisfactory history of payment for previous service.

When you agree to the terms of a deferred payment plan, your service will not be terminated if you pay your current bills, plus a portion of the outstanding balance in reasonable installments until the past due bill is paid. You will not be required to pay more than one-third (1/3) of

the total deferred amount when entering into a deferred payment plan. If you do not meet the terms of a deferred payment plan, the Company may disconnect your service, after proper written notice.

Please call your service representative for more information about this plan. If this representative does not offer such a plan to you, you have the right to request these alternative payment plans.

DISPUTED BILLS

If you question any charges on your bill the Company shall make an investigation, and the results will be reported to you. We will not disconnect service for nonpayment of the disputed portion of the bill until the dispute is resolved. Any remaining balance of the bill is still due and payable by the due date. If you do not receive a bill or a disconnect notice, you are still responsible for payment of your bill. If your bill for telephone service differs from the Company's lawful rates for the services you have purchased, the Company will calculate a billing adjustment. If you are due a refund, the Company will make an adjustment for the entire period that you were overcharged.

If you were undercharged, the Company may usually back bill for the period no more than six (6) months prior to the time the Company notifies you of the amount of the undercharge, and the total additional amount that will be due. This amount shall be added to the next regular billing. The Company will offer you a deferred payment plan of the same length of time as that of the under billing, if the back billing is \$50.00 or more.

SUSPENSION OR DISCONNECTION OF SERVICE

The Company must give you ten (10) days notice before we can disconnect your telephone service. Service may be disconnected with notice for the following reasons:

- (a) failure to pay a delinquent bill for telephone service, including long distance charges for non-residential customers, or to make deferred payment arrangements by the date of suspension or disconnection;
- (b) failure to comply with the terms of a deferred payment agreement;
- (c) violation of the Company's rules on the use of service in a manner which interferes with the service of others or the operation of nonstandard equipment, if a reasonable attempt has been made to notify the customer and the customer has a reasonable opportunity to remedy the situation;
- (d) failure to pay a deposit where required;
- (e) failure of the guarantor to pay the amount guaranteed, when the utility has a written agreement, signed by the guarantor, that allows for disconnection of the guarantor's service for nonpayment, or
- (f) avoidance of toll blocking by incurring long distance charges after toll blocking was implemented by the Company due to nonpayment of long distance charges.

SUSPENSION OR DISCONNECTION WITHOUT NOTICE

The Company may disconnect telephone service without prior notice for the following reasons:

- (a) where service is connected without authority by a person who has not made application for service;
- (b) where service was reconnected without authority after disconnection for nonpayment, or
- (c) where there are instances of tampering with the Company's equipment, evidence of theft of service, or other acts to defraud the Company.

If disconnection of service will prevent the summoning of emergency medical help for a seriously ill resident, your physician may provide written documentation to the Company to extend the time to pay the bill.

HOW TO RESTORE SERVICE AFTER SUSPENSION OR DISCONNECTION

When your service has been suspended or disconnected for nonpayment of bills, business customers must pay all outstanding charges, and residential customers must pay all outstanding charges other than long distance charges before service can be reconnected. However, toll blocking may be instituted for nonpayment of long distance charges by residential customers.

If your service has been disconnected and your deposit was applied to the balance of the account, you will have to reapply for telephone service as a new applicant, and you will have to reestablish credit.

No allowance will be made for loss of service during the period service is disconnected for nonpayment, if payment is made and service reconnected before the completion of an order to terminate the service.

CREDIT HISTORY

The credit worthiness of spouses established during the last twelve (12) months of shared service prior to their divorce, will be equally applied to both spouses for twelve (12) months immediately after their divorce. Credit may be applied equally to the spouse or former spouse without modification and without additional qualifications that are not normally required of a customer.

A residential applicant must establish satisfactory credit before the Company can approve the application for service. An applicant is a person who is applying for service for the first time, or reapplying at a new or existing location after service has been discontinued. A customer is someone who is currently receiving service. Credit may be established in several ways:

- (a) You may demonstrate that you have been a residential customer of a telephone company within the last two (2) years, that you are not delinquent in payment of your account with that telephone company, and that you did not have more than one (1) occasion when your telephone bill was paid after becoming past-due during the last twelve (12) consecutive months, and that you never had service disconnected for nonpayment. You may obtain a letter of credit history from your previous telephone company before moving.

- (b) You may demonstrate a satisfactory credit rating by appropriate means, including, but not limited to, the production of generally accepted credit cards, letters of credit reference, the names of credit references which may be quickly and inexpensively contacted by the Company, or ownership of substantial equity that is easily liquidated.
- (c) You may furnish in writing a satisfactory guarantee from a third party to secure payment of your telephone bills. The third party guarantor must have service with the Company for at least one (1) year, has to have established satisfactory credit of their own, and cannot have been disconnected for non-payment of their account.
- (d) You may demonstrate that you are 65 years of age or older, and that you have not had an outstanding account balance with any telephone company for residential service, which accrued within the last two (2) years.
- (e) You may pay a deposit.

DEPOSITS FOR RESIDENTIAL SERVICE APPLICANTS AND CUSTOMERS

If a residential applicant does not establish satisfactory credit as previously described, a deposit will be required by the Company. The deposit cannot exceed one-sixth (1/6) of estimated annual billing. This calculation may include all charges in the Company's tariffs.

DEPOSITS FOR PERMANENT RESIDENTIAL CUSTOMERS

If you are a residential customer of the Company, and you have been delinquent in paying a bill for telephone service on more than one (1) occasion during the last twelve (12) months of service, or if your service was disconnected for nonpayment, the Company may ask you to pay an initial deposit. The Company will send you a written suspension or disconnection notice and a request for deposit, and you will have to pay the deposit within ten (10) days after the Company issues this notice. If you do not wish to pay the deposit, you may pay the current bill by the due date of the bill if you have not chosen this option in the previous twelve (12) months. You may furnish a satisfactory guarantee from a third party to secure payment of your bills, instead of paying a cash deposit or the current bill.

If a residential customer's actual billings are at least twice the amount of estimated billings and a suspension notice has been issued on a bill within the previous twelve (12) months, you may be required to pay a new deposit. You must pay the deposit within ten (10) days after the Company issues you a notice. If you cannot pay the deposit, you may pay your current bill by the due date of the bill if you have not chosen this option in the previous twelve (12) months.

During the first twelve (12) months you receive service, the Company may also ask you to pay an additional deposit prior to issuance of your bill if your actual usage is three (3) times estimated usage, and the current usage exceeds \$150 and 150% of your current deposit. You must pay the additional deposit or the current usage within ten (10) days after you receive notice from the Company.

In either of the above cases, the Company will send you a written suspension or disconnection notice and a request for deposit.

DEPOSITS FOR BUSINESS SERVICE APPLICANTS AND CUSTOMERS

If an applicant for business service has not established credit satisfactorily, the applicant may be required to make a deposit. We may not require a deposit in excess of one-sixth (1/6) of your estimated annual billing.

DEPOSITS FOR PERMANENT BUSINESS SERVICE CUSTOMERS

If a business customer's actual billings are at least twice the amount of estimated billings and a suspension notice has been issued on a bill within the previous twelve (12) months, you may be required to pay a deposit. You must pay the deposit within ten (10) days after the Company issues you a notice. If you cannot pay the deposit, you may pay your current bill by the due date of the bill, if you have not chosen this option in the previous twelve (12) months.

DEPOSITS FOR WEEKEND RESIDENCES, TEMPORARY OR SEASONAL SERVICE

The Company may require a deposit in an amount that is sufficient to protect it against the assumed risk for weekend residences, temporary or seasonal service. These deposits will be returned under the guidelines set out under "Return of Your Deposit."

INTEREST ON DEPOSITS

The Company pays interest on all deposits it requires of its customers. The rate of interest is set annually by the Public Utility Commission of Texas on December 1 of the preceding year.

No interest will be paid if a refund of the deposit is made within thirty (30) days of receipt of the deposit by the Company. If the Company keeps the deposit for more than thirty (30) days, the interest shall be calculated from the date of payment of the deposit. You may request payment of interest annually or at the time the deposit is returned to you. The deposit will not draw interest after the date it is returned to you or credited to your account.

RETURN OF YOUR DEPOSIT

If the service is not connected, or after the service is disconnected, the Company will refund your deposit and interest or the balance of the deposit, if any, in excess of any unpaid bills for service furnished to you, promptly and automatically.

When you have paid bills for residential service for twelve (12) consecutive billings, or for business service for 24 consecutive business billings without having service disconnected for nonpayment of bills, and without having more than two (2) occasions in which a bill was delinquent, and when you are not delinquent in the payment of your current bills, the Company will refund your deposit and interest or void any guarantee of payment, promptly and automatically. The refund may be made in the form of cash or credit to your bill.

If you do not meet these refund criteria, the deposit and interest may be retained by the Company in accordance with the rules regarding the deposit.

TEXAS UNIVERSAL SERVICE FUND

This fund pays for the Texas Universal Service Fund (USF). The Texas USF has been established by the State of Texas to help pay for keeping local telephone rates affordable for low-income customers and to support programs for the deaf and hard of hearing. The Texas USF encompasses several assistance programs, including one which allows the deaf and hard of hearing to purchase necessary telecommunications equipment. Traditionally, an annual charge supported some of these programs. Now all of them will be financed by a monthly charge on your bill. If you have any questions about this charge or how it is calculated, please call the Company.

CHARGES ON YOUR TELEPHONE BILL YOUR RIGHTS AS A CUSTOMER

Placing charges on your telephone bill for products or services without your authorization is known as "cramming" and is prohibited by law. Your telephone company may be providing billing services for other companies, so other companies' charges may appear on your telephone bill.

If you believe you were "crammed," you should contact the telephone company that bills you for your telephone service and request that it take corrective action. The Public Utility Commission of Texas requires the billing telephone company to do the following within forty-five (45) days of when it learns of the unauthorized charge:

Notify the service provider to cease charging you for the unauthorized product or service; remove any unauthorized charge from your bill; refund or credit all money to you that you have paid for an unauthorized charge; and on your request, provide you with all billing records related to any unauthorized charge within fifteen (15) business days after the charge is removed from your telephone bill.

If the company fails to resolve your request, or if you would like to file a complaint, please write or call the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, 512-936-7120 or toll free in Texas at 888-782-8477. Hearing and speech-impaired individuals with text telephone (TTY) may contact the commission at 512-936-7136.

Your telephone service cannot be disconnected for disputing or refusing to pay unauthorized charges.

You may have additional rights under state and federal law. Please contact the Federal Communications Commission, the Attorney General of Texas, or the Public Utility Commission of Texas if you would like further information about possible additional rights

SELECTING A TELECOMMUNICATIONS CARRIER – YOUR RIGHTS AS A CUSTOMER

Telephone companies are prohibited by law from switching you from one telephone service provider to another without your permission, a practice commonly known as “slamming.”

If you are slammed, Texas law requires the telephone company that slammed you to do the following:

- (a) Pay all charges associated with returning you to your original telephone company within five business days of your request.
- (b) Provide all billing records to your original telephone company within ten (10) business days of your request.
- (c) Pay your original telephone company the amount you would have paid if you had not been slammed.
- (d) Refund to you within thirty (30) business days any amount you paid for charges during the first 30 days after the slam and any amount more than what you would have paid your original telephone company for charges after the first thirty (30) days following the slam.

Your original telephone company is required to provide you with all the benefits, such as frequent flyer miles, you would have normally received for your telephone use during the period in which you were slammed.

If you have been slammed, you can change your service immediately back to your original provider by calling your local telephone company. You should also report the slam by writing or calling the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, 512-936-7120 or in Texas (toll free) 1-888-782-8477, fax: 512-936-7003, email address: customer@puc.state.tx.us. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at 512-936-7136.

You can prevent slamming by requesting a preferred telephone company freeze from your local telephone company. With a freeze in place, you must give formal consent to “lift” the freeze before your telephone service can be changed. A freeze may apply to local toll service, long distance service, or both. The Public Utility Commission of Texas can give you more information about freezes and your rights as a customer.

PREPAID LOCAL TELEPHONE SERVICE

Five Area Telephone Cooperative, Inc. and West Plains Telecommunications, Inc. (Five Area/West Plains) are pleased to notify you of Prepaid Local Telephone Service (PLTS), a program that helps customers manage outstanding telephone balances and retain local service. The Public Utility Commission of Texas has directed that we provide this service.

PLTS gives eligible customers a one-time opportunity to retain their local service if they are at risk of disconnection of their local service for nonpayment of telephone bills. It also allows residential customers who have been

disconnected because of delinquent or unpaid bills to be reconnected. PLTS is not available to business customers.

CUSTOMER RESPONSIBILITY

To receive this service, you must agree to receive Toll Blocking/Restriction Service, which will prevent you from making long distance telephone calls or usage-sensitive calls, which include directory assistance, call return, call trace, and auto redial. In subscribing to PLTS, you agree not to incur additional charges for long distance or usage-sensitive services. In addition, you agree not to request additional services from your local telephone carrier other than those included in your PLTS subscription. If you violate the terms of this agreement you can be disconnected immediately and will not be eligible to receive PLTS again from Five Area/West Plains.

To subscribe to PLTS, you must also pay up to two months of charges up front. You must arrange a deferred payment plan with Five Area/West Plains for your outstanding local telephone charges. Payment for these charges will begin with the third billing cycle after you subscribe to PLTS. The monthly payments on this plan may not exceed \$10.00 per month or one-twelfth (1/12) of the outstanding local debt, whichever is larger.

You must pay your PLTS bill by the date due.

TO SUBSCRIBE

Please contact your local Five Area/West Plains business office during normal business hours and request PLTS.

If your telephone has been disconnected and you apply for PLTS within ten (10) days of Five Area/West Plains’ mailing of your PLTS eligibility notice, you will not be required to pay the reconnection charge for restoring service at that time. You will be required to pay that charge when you return to basic local telephone service.

PLTS SERVICE

- Residential Basic Local Telephone Service
- White Pages Directory Listing
- Toll Blocking/Restriction
- Non-Published Number Service (if requested)
- Access to 911, dual party relay services and Five Area/West Plains business office

In addition to the charges for services listed above, customers will be responsible for paying surcharges or fees required by law or ordinance, including, but not limited to: 911 charges, subscriber line charges, sales tax, Universal Service Fund charges, and municipal fees. Customers are also expected to pay for Extended Area Service (EAS) or Extended Local Calling (ELC) or Extended Metropolitan Service (EMS) if those services are requested and required in their area.

If you have any questions about PLTS, please contact your local Five Area/West Plains business office.

STATEMENT OF BILLING ERROR RIGHTS

This statement sets out your billing error rights with respect to telephone-billed purchases made using interstate 900 pay-per-call services that are billed to you through Five Area Telephone Cooperative, Inc. or West Plains Telecommunications, Inc.

The rights and obligations of you, the customer, and of Five Area Telephone Cooperative, Inc. or West Plains Telecommunications, Inc., and the long distance carriers, who are billing entities, set out here, are provided under the federal Telephone Disclosure and Dispute Resolution Act.

This is the procedure that you must follow to notify Five Area Telephone or West Plains Telecommunications, Inc. of a billing error and the steps that we or the long distance carriers must take in response to your notice:

You may provide notice of a billing error to Five Area Telephone or West Plains Telecommunications, Inc. by telephone or in writing.

If you write, you should:

1. give us your name or the customer's name and telephone number to which the charge was billed;
2. tell us the date and amount of the error, and the type of error you believe occurred; and
3. tell us why you believe it was an error.

You should contact Five Area Telephone or West Plains Telecommunications, Inc. first, since we have an agreement to receive billing error notifications from customers. You may provide a notice to the long distance carrier instead, and they may ask you to contact us directly, and provide to you our name, mailing address, and business telephone number, even if the long distance carrier also sends you billing error notice to us.

A customer who orally communicates an allegation of a billing error is presumed to have provided sufficient notice to initiate a billing review.

You have the right to withhold payment of any disputed amount pending completion of our billing review, and any action to collect any disputed amount will be suspended pending completion of the billing review.

If it is determined that no billing error occurred, your rights and obligations are as follows:

- We will transmit to you an explanation setting forth the reasons why it has been determined that there was no error. If there was an error—even a partial error or an error different than what you asserted—your account will be adjusted appropriately. If you request, we will provide a written explanation and copies of any documentary evidence of the customer indebtedness.
- This action will be taken within billing cycles (two months) after your notice is received. If you send notice to the long distance carrier instead of Five Area Telephone or West Plains Telecommunications, Inc., there may be an additional time of up to fifteen days to complete the necessary responsive action.
- The long distance carrier will notify the provider of the service of the disposition of the billing error investigation and the reasons for that disposition.
- Five Area Telephone or West Plains Telecommunications, Inc. will notify you in writing, normally with your billing statement, of the time when payment is due of that portion of the disputed amount that is determined not to be in error. Payment must be made in the normal course of billing or as otherwise provided, but not less than ten (10) days after the request for payment is made.
- Once Five Area Telephone or West Plains Telecommunications, Inc. and the long distance carrier have complied with FTC rule 308.7(d) regarding a claim you make of a billing error, there is no further responsibility under that section if you continue to make substantially the same allegation.
- You cannot be charged for a billing review.

The provider of the 900 service, the long distance carrier, Five Area Telephone or West Plains Telecommunications, Inc. may take action to collect the sum outstanding that is determined not to be the result of a billing error if you continue to withhold payment of the disputed amount once the billing review is completed.

Failure to pay the amount determined not to have been the result of a billing error may be reported to a credit reporting agency or subject you to a collection action. If you continue to dispute any portion of your billing error claim, the fact your account is delinquent will be reported only if we also report that the amount that remains in dispute, the amount, and tell you to whom we have made such a report. If the dispute is subsequently resolved, that fact will be reported to all who received the initial report that the account was delinquent.

If either we, as your billing entity, or the long distance carrier, as a billing entity, fail to follow the billing and collection procedures prescribed by 308.7 of the Federal Trade Commission rule implementing the Federal Telephone Disclosure and Dispute Resolution Act, we are obligated to forfeit any disputed amount, up to \$50 per transaction.

DISCLOSURE UNDER FCC RULE 64.1509(B)

The FCC also requires disclosures to telephone subscribers, which are as follows:

- Your local exchange and long distance service cannot be disconnected or interrupted as a result of your failure to pay charges for interstate pay-per-call service, charges for interstate information services provided pursuant to a presubscription or comparable arrangement, or charges you have disputed for interstate tariffed collect information services.
- You can obtain blocking of access to services offered on the 900 service access code where it is technically feasible, at no charge within sixty (60) days after you subscribe to a new number. Other requests for blocking, and requests for unblocking will be subject to a reasonable one-time fee. Our tariffs include the terms and conditions that apply.
- You have the right not to be billed for pay-per-call services not offered in compliance with federal laws and regulations established under Titles II or III of the Telephone Disclosure and Dispute Resolution Act.
- Your access to 900 services may be involuntarily blocked for failure to pay legitimate pay-per-call charges.

USTED TIENE EL DERECHO DE INSPECCIONAR LAS TARIFAS Y REGLAS DE SERVICIO DE LA COMPAÑÍA

Los servicios que son proveídos a usted por esta Compañía son servicios públicos. Las reglas, regulaciones y cargos por estos servicios se muestran en las tarifas de la Compañía. Las tarifas son analizadas y aprobadas por Public Utility Commission of Texas (Comisión de Servicios Públicos de Texas). Los documentos relacionados a estas inspecciones están en los archivos de nuestras oficinas comerciales y usted tiene el derecho de inspeccionarlas durante horas hábiles. Si usted desea pedir copias, le serán proveídas a un cost razonable por concepto de copiado.

Si usted solicita servicio telefónico residencial, se le informará sobre los servicios más económicos que estén a su disposición. Le explicaremos las alternativas disponibles a ser utilizadas en su residencia, le haremos saber acerca de cualquier costo de instalación, y así como las distintas opciones de equipo disponibles para su servicio.

EL PAGO DE SUS CUENTAS

Todas las cuentas por servicio local, larga distancia y por cobrar y servicios múltiples tendrán un plazo de pago de 16 días después de la fecha indicada en el sello postal del sobre, o de la fecha de elaboración de su cuenta si el sobre no cuenta con sello postal.

Si su cuenta no es pagada dentro del plazo establecido se considera morosa. Si la fecha límite de pago ocurre durante un día festivo o en fin de semana, la fecha límite de pago será el siguiente día hábil después de la fecha límite de pago. Usted puede pagar sus cuentas en las oficinas comerciales de la Compañía, ya sea en persona o por correo. Para su conveniencia contamos con una caja para depósito de pagos nocturnos en nuestras oficinas comerciales.

Usted tiene la responsabilidad de pagar todos los cargos del servicio local que le sean proveídos y por cualquier cargo de larga distancia (incluyendo cargos por servicios especiales) realizados desde su teléfono, incluyendo llamadas de larga distancia recibidas en su teléfono donde los cargo sean revertidos con el consentimiento de la persona que conteste el teléfono.

Los cargos mensuales por su servicio de llamadas locales serán cobrados con un mes de anticipación. Cargos por llamadas de larga distancia, o cualquier servicio especial facturado, están basados en el servicio utilizado hasta el día en que su cuenta es elaborada. Cargos por instalación de servicio, o por cambios en su servicio normalmente aparecerán en la primera cuenta de cobro después de que el pedido haya sido completado. Cargos por llamadas de larga distancia son mostrados en detalle en cada factura. Sin embargo, usted podrá seguir recibiendo servicio telefónico local siempre y cuando usted realice a tiempo el pago completo por servicio telefónico local.

PROBLEMAS CON PAGOS EN SU CUENTA

Si usted no puede pagar su cuenta para la fecha límite de pago, por favor llame a las oficinas comerciales de la Compañía. Posiblemente podríamos hacer un arreglo para sus pagos. La Compañía ofrece un plan de pago diferido para clientes de servicio telefónico residencial a los cuales no se les haya notificado de la suspensión del servicio más de dos ocasiones durante los últimos doce meses. La Compañía no tiene la obligación de ofrecerle esta opción a clientes que han tenido su servicio de teléfono solo por tres meses o menos, o si el cliente no tiene el crédito suficiente y adecuado, o un historial satisfactorio de pagos del servicio previo.

Cuando usted acepta los términos del sistema de pago diferido, su servicio no será desconectado si usted paga sus cuentas vigentes, más una porción del saldo vencido en pagos razonables hasta que la cuenta que se debe sea liquidada. A usted no se le requerirá pagar más de una tercera parte de la cantidad total que haya sido diferida cuando le sea establecido el sistema de pagos diferidos. Si usted no cumple con los términos del sistema de pago diferido, la Compañía puede optar por desconectar su servicio, una vez usted haya sido notificado adecuadamente por escrito.

Por favor comuníquese con su representante para mayor información acerca de este plan. Si su representante no le ofrece este plan, usted tiene el derecho de pedir esta alternativa de plan de pago.

CUENTAS EN DISPUTA

Si usted no está de acuerdo con alguno de los cargos en su cuenta, la Compañía deberá realizar una investigación, y el resultado de esa averiguación le será reportado. Nosotros no desconectaremos el servicio por falta de pago de la porción de la cuenta que usted disputa hasta cuando esta disputa haya sido resuelta. Cualquier cantidad en su cuenta que no se encuentre en disputa deberá ser pagada en la fecha de vencimiento. Si usted no recibe una cuenta de cobro o una carta informándole que su servicio será desconectado, usted es aún responsable por el pago de la deuda. Si su cuenta de servicio de teléfono es diferente al cargo que legalmente puede cobrar la Compañía por los servicios que usted adquirió, la Compañía realizará un ajuste por el periodo completo en que se le cobró de más.

Si a usted se le bogró de menos, la Compañía puede cobrar la diferencia por un periodo no superior a seis meses anteriores a la fecha en que la Compañía le notifique del monto que se le cobro de menos, y cual es la cantidad total adicional que se debe. Esta cantidad podrá ser sumada a su cuenta normal. Si el error es superior a \$50.00, la Compañía le ofrecerá un plan de pago diferido por un periodo de tiempo igual al periodo en que se le cobro a usted de menos.

SUSPENSION O DESCONEXION DEL SERVICIO

SUSPENSIÓN O DESCONEXIÓN CON NOTIFICACIÓN

La Compañía tendrá que notificarle a usted por escrito con diez días de anticipación que su servicio de teléfono puede ser desconectado. El servicio podrá ser desconectado si usted ha sido notificado por las siguientes razones:

- El no pagar una cuenta morosa de su servicio de teléfono, incluyendo servicios de larga distancia para clientes no residenciales, o de no establecer un sistema de pago diferido para la fecha de desconexión establecida.
- El no cumplir con los términos del sistema de pago diferido.
- Violación de las reglas de uso del servicio de la Compañía de manera que pueda interferir con el servicio a otros usuarios, o a la operación de equipos no estandarizados, siempre y cuando se haya hecho un esfuerzo para comunicarle el problema al cliente y el cliente haya tenido la suficiente oportunidad para corregir el error.
- El no pagar su depósito cuando sea requerido.
- Que el aval falle en el pago de la cantidad garantizada, cuando el servicio público tenga un acuerdo por escrito, firmado por el aval, que permita la desconexión del servicio del aval por falta de pago.
- El esquivar el bloqueo de llamadas de larga distancia por cobrar cuando este ha sido implementado por

la Compañía debido a la falta de pago de cargos de larga distancia.

SUSPENSIÓN O DESCONEXIÓN SIN NOTIFICACIÓN

La Compañía tendrá el derecho de desconectar el servicio de teléfono sin notificar previamente al cliente por las siguientes razones:

- (a) Donde el servicio ha sido conectado sin permiso por una persona que no ha solicitado el servicio.
- (b) Donde el servicio fue reconectado una vez más sin autorización después de la desconexión del servicio por falta de pago, o
- (c) Donde existen circunstancias de alteración de equipos de la Compañía, evidencia de robo del servicio, o cualquier otro acto que sea un fraude contra la Compañía.

Si la desconexión del servicio privará de la posibilidad de realizar una llamada para solicitud de ayuda médica de emergencia para un residente seriamente enfermo, su doctor puede proporcionar documentación escrita a la Compañía para dar una prórroga para el pago de su cuenta.

COMO RESTABLECER SU SERVICIO DESPUÉS DE SUSPENSIÓN O DESCONEXIÓN

Cuando su servicio haya sido desconectado o suspendido por falta de pago de sus cuentas, clientes de servicio comercial deberán pagar el balance en su totalidad, y clientes de servicio residencial deberán pagar todos los cargos con la excepción de los cargos de larga distancia antes de que el servicio pueda volver a ser conectado.

Si su servicio ha sido desconectado y su depósito fue aplicado al balance de su cuenta, usted tendrá que volver a solicitar el servicio de teléfono como si fuera un nuevo solicitante, y usted tendrá que restablecer su crédito.

No se hará ningún reembolso por la falta de servicio durante el periodo que el servicio estuvo desconectado por falta de pago, si el pago es hecho y el servicio reconectado antes de que se complete la orden de terminación de su servicio.

HISTORIA CREDITICIA

El historial de crédito de un cónyuge establecido durante los últimos 12 meses de servicio compartido anteriores al divorcio, será igualmente aplicado a ambos esposos por los 12 meses después del divorcio. Crédito puede ser aplicado igualmente al cónyuge o anterior cónyuge sin modificación y sin requisitos adicionales que normalmente no le son requeridos a un cliente.

Un solicitante para servicio telefónico residencial deberá establecer crédito antes de que la compañía pueda aprobar la solicitud para servicio. Un solicitante es una persona la cual esta solicitando servicio por primera vez, o solicitando nuevamente en una nueva localidad o en la misma localidad pero después de que el servicio le haya sido discontinuado. Un cliente es una persona que esta recibiendo actualmente el servicio. El crédito puede ser establecido de distintas manera:

- (a) Usted deberá demostrar que ha sido un cliente de servicio telefónico residencial de una Compañía de teléfonos en los últimos dos años, que usted no tiene saldos morosos con esa Compañía telefónica, y que usted no ha tenido mas de una ocasión, durante los últimos 12 meses, en la cual el pago de su cuenta de teléfono fue tardío, y que su servicio de teléfono nunca ha sido desconectado por falta de pago. Usted podrá obtener una carta de su historia crediticia de la Compañía de teléfono que le proporcionó sus servicios anteriormente.
- (b) Usted puede demostrar una historia crediticia satisfactoria de varias maneras incluyendo pero no limitado a la presentación de tarjetas de crédito que sean aceptables, referencias de cartas de crédito, o referencias comerciales las cuales puedan ser contactadas de una manera rápida y económica por parte de la Compañía, o el tener alguna propiedad de valor substancial y que sea fácilmente vendible.
- (c) Usted podrá proveer por escrito una garantía de una tercera persona para asegurar el pago de sus cuentas de teléfono. La tercera persona aval deberá haber tenido servicio con la Compañía por lo menos un año, deberá haber establecido un crédito satisfactorio de sí mismo, y no puede haber sido desconectado por falta de pago en su cuenta.
- (d) Usted puede demostrar que tiene 65 años de edad o más, y que usted no ha tenido un saldo vencido con ninguna Compañía por servicio de teléfono residencial durante los últimos dos años.
- (e) Usted es un solicitante de servicio telefónico residencial que ha sido determinado como una víctima de violencia familiar según evidencia de una carta certificada.
- (f) Usted podrá pagar un depósito.

DEPÓSITOS PARA SOLICITANTES Y CLIENTES DE SERVICIO RESIDENCIAL

Si un solicitante de servicio telefónico residencial no establece un crédito satisfactorio, como es descrito anteriormente, la Compañía pedirá un depósito. Este depósito no podrá exceder una sexta parte del cargo anual estimado. Este cálculo puede incluir todos los cargos de las tarifas de la Compañía.

DEPÓSITOS PARA CLIENTES DE RESIDENCIA PERMANENTES

Si usted es un cliente de servicio telefónico residencial de la Compañía, y ha tenido retrasos en el pago del servicio de teléfono en mas de una ocasión durante los últimos 12 meses de servicio, o si su servicio fue desconectado por falta de pago, la Compañía puede pedirle que pague un depósito inicial. La Compañía le mandará un aviso de suspensión o desconexión por escrito y le solicitará un depósito, y tendrá que pagar el depósito dentro de 10 días después de que la Compañía haya emitido esta notificación. Si usted no desea pagar el depósito, puede pagar la cuenta actual para el día de vencimiento, si no ha tomado esta opción en los 12 meses anteriores. Usted también puede entregar una garantía satisfactoria de una

tercera persona para asegurar el pago de sus cuentas en vez de pagar un depósito en efectivo o la cuenta actual.

Si las cuentas actuales del cliente de servicio residencial son por lo menos el doble del costo de los cobros estimados y una notificación de suspensión se ha emitido en los últimos 12 meses, puede ser requerido a pagar un nuevo depósito. Debe de pagar este depósito dentro de 10 días después que la compañía haya emitido la notificación. Si no puede pagar ese depósito, puede pagar la cuenta actual para el día de vencimiento, si no ha tomado esta opción en los 12 meses anteriores.

Durante los primeros 12 meses que usted recibe el servicio, la Compañía puede pedirle un depósito adicional antes de que se emita una cuenta si su uso actual es tres veces el uso calculado, y el uso actual excede \$150 y 150% de su depósito actual. Debe de pagar un depósito adicional o el monto del uso actual dentro de 10 días después de recibir la notificación de la Compañía.

En cualquiera de los casos anteriores, la Compañía le mandará un aviso de suspensión o desconexión por escrito y le solicitará un depósito.

SECTION 1. REQUIREMENTS FOR MEMBERSHIP

Any person, firm, association, corporation, or body politic or subdivision thereof may become a member of Five Area Telephone Cooperative (hereinafter called the "Cooperative") upon receipt of telecommunications services (hereinafter referred to simply as "services") from the Cooperative. Membership is automatic and instantaneous upon receipt of service; however, each member shall:

- (a) make a written application for membership therein;
- (b) agree to purchase from the Cooperative in accordance with established tariffs, as well as pay other charges for services that the member uses and Cooperative is obligated by law or contract to collect;
- (c) agree to comply with, and be bound by, the articles of incorporation and bylaws of the Cooperative and any rules and regulations adopted by the Board of Directors (hereinafter called the "Board").

The status of all memberships shall be as reflected upon the books of the Cooperative and no membership certificates will be issued, nor will any membership fee be charged or collected.

SECTION 2. DEFINITION AND CLASSIFICATION

- (a) Membership in the Cooperative is effected by:
 1. Procuring the Cooperative's central office dial tone.
 2. Procuring such other telecommunications services from the Cooperative which the Board of Directors determined may be required or allowed for membership and patronage
 3. Providing a continuing telecommunications revenue stream for the cooperative.
- (b) The Cooperative may have one or more classes of members to accommodate the various types of services. If the Cooperative has more than one class of membership, the definitions, the types, the qualifications and rights of each class shall be determined by the Board and set forth in these bylaws.
- (c) Exchange and interexchange carriers who participate with the Cooperative in the provision of telecommunications services to members are neither members nor patrons by virtue of division of revenue contracts.
- (d) Memberships in the Cooperative are extended only to individual persons (natural or corporate) who meet the requirements. Memberships formerly issued to husbands and wives, previously referred

to as joint memberships, will be allowed; however from the date of adoption of these bylaws, no new joint memberships will be established.

SECTION 3. EFFECT OF MEMBERSHIPS

Individual memberships will be freely transferable on the books of the Cooperative between any persons in the same household or corporation upon request in writing. Thus, the term "member" as used in these bylaws shall refer to an individual, but can, on a grandfathered basis, be deemed to include husband and wife still holding a joint membership. The prospective effect of a grandfathered joint membership shall be as follows:

- (a) The presence at a meeting of either or both shall be regarded as the presence of one member and shall constitute a joint waiver of notice of the meeting;
- (b) The vote of either separately or both jointly shall constitute one joint vote;
- (c) Notice to either shall constitute notice to both.
- (d) Expulsion of either shall terminate the joint membership.
- (e) Withdrawal of either shall terminate the joint membership.
- (f) Either, but not both, may be elected or appointed as an officer or Board member if individually qualified.
- (g) Upon the death of either spouse who is a party to the joint membership, such membership shall automatically convert to an individual membership. However, the estate of the deceased shall not be released from any debts due the Cooperative.

SECTION 4. PURCHASE OF TELECOMMUNICATIONS SERVICE

Each person who applies for service shall, as soon as service is available, take telecommunication services from the Cooperative to be used on the premises specified in his application for membership and shall pay therefore monthly at rates in accordance with the established tariffs as fixed by the Board or, for the services rendered by other carriers, at the rates which the Cooperative is obliged to bill and collect by contractual arrangements with other carrier. It is expressly understood that amounts paid for all service in excess of the cost of service are furnished by members from the moment of receipt as capital, and each member shall be credited with the capital so furnished as provided in these bylaws. Each member shall pay the above amounts owed by him to the Cooperative as and when the same shall become due and payable.

SECTION 5. TERMINATION OF MEMBERSHIP

- (a) Any member may withdraw from membership upon compliance with such uniform terms and conditions as the Board may prescribe. The Board may, by the affirmative vote of not less than two-thirds of all the directors, expel any member who fails to comply with any of the provisions of the articles of incorporation, bylaws, or any rules or regulations adopted by the Board, but only if such member shall have been given written notice by the Cooperative that such failure makes him liable to expulsion and such failure shall have continued for at least ten days after such notice was given.
- (b) Upon the withdrawal, death, cessation of existence, or expulsion of a member, the membership of such member shall thereupon terminate and will be so recorded on the books of the Cooperative. Termination of membership in any manner shall not release a member or his estate from any debts due the Cooperative nor do unpaid bills release members from their obligations under these bylaws or rules and regulations approved by the Board.

ARTICLE II: SERVICE OBLIGATIONS

The Cooperative will use reasonable diligence to furnish adequate and dependable services, but it cannot and does not guarantee uninterrupted services, nor will it always be able to provide every service desired by each member.

COOPERATION OF THE MEMBERS IN THE EXTENSION OF SERVICES

The cooperation of members of the Cooperative is imperative to the successful, efficient, and economical operation of the Cooperative. Members who are receiving or who are requesting service shall be deemed to have consented to the reasonable use of their real property to construct, operate, maintain, replace or enlarge telephone and/or communications lines, overhead or underground, including all conduit, cables, wires, surface testing terminals, markers and other purtenances under, through, across, and upon any real property or interest therein owned or leased or controlled by said member for the furnishing of telephone or communication services to said member, at no cost to the Cooperative.

ARTICLE III: RIGHTS AND LIABILITIES OF MEMBERS

SECTION 1. PROPERTY INTEREST OF MEMBERS

Upon dissolution, after (a) all debts and liabilities of the Cooperative shall have been paid, (b) all capital furnished through patronage shall have been retired as provided in these bylaws, and the remaining property and assets of the Cooperative shall be distributed among the members and former members in the proportion which the aggregate patronage for this period of each member and former member bears to the total patronage for such period of all such members and such former members on the date of dissolution. The distributions shall be made to members and former members for the last 10 years proceeding the date of dissolution unless otherwise provided by law; provided however, that, if in the

judgement of the Board the amount of such surplus is too small to justify the expense of making such distribution, the Board may, in lieu thereof, donate or provide for the donation of, such surplus to one or more non-profit, charitable or educational organizations that are exempt from federal income taxation.

SECTION 2. NON-LIABILITY FOR DEBTS OF THE COOPERATIVE

The private property of the members shall be exempt from execution or other liability for the debts of the Cooperative and no member shall be liable or responsible for any debts or liabilities of the Cooperative.

Such notice may be delivered in person, by mail, or electronically if the member consents. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the member at his address as it appears on the records of the Cooperative, with postage thereon prepaid. In case the total number of members shall exceed five hundred, fifty members or two per centum of the members present in person, whichever shall be larger, shall constitute a quorum. If less than a quorum is present at any meeting, a majority of those present in person may adjourn the meeting from time to time without further notice. All such amounts in excess of operating costs and expenses for telecommunications and information services at the moment of receipt by the Cooperative, are received with the understanding that they are furnished by the Patrons as capital.

(b) ALLOCATION OF CAPITAL CREDITS

The Cooperative is obligated to pay by credits to a capital account for each Patron all such amounts in excess of operating costs and expenses derived from telecommunications and information services. The books and records of the Cooperative shall be set up and kept in such manner that the end of each fiscal year the amount of capital, if any, so furnished by the Patron for telecommunications and information services is clearly reflected and credited in an appropriate record to the capital account of each Patron, and the Cooperative shall within a reasonable time after the close of the fiscal year notify each Patron of the amount of capital so credited to the Patron's account. The Cooperative may order use of remaining funds in support of charitable, community and/or local rural development.

(f) CAPITAL ASSIGNMENT

Capital credited to the account of each Patron shall be assignable only on the books of the Cooperative, pursuant to written instruction from the assignor and only to successors in interest, or successors in occupancy, in all or in part of such Patron's premises served by the Cooperative, unless the Board, acting under policies of general application, shall authorize other types of assignments. During a general capital credit retirement, no checks shall be issued for less than a fixed amount determined by the Board, and the amount of such unretired capital credits will be retired in the first following year, when the total amount of capital credits qualifying for retirement exceeds that amount set by the Board, including the amount carried over.

(i) **TAX REFUNDS**

All tax refunds made by the United States Government or any of the states in connection with the final or true cost of service as determined by the capital credits allocation process may be held and used by the Cooperative as furnished patronage capital and shall be treated in the same manner as furnished capital set out in this section of these bylaws.

INTERNET SAFETY

Parents should be aware of what their kids see and hear on the Internet, who they meet, and what they share about themselves. Talk with your kids, use tools to protect them, and keep an eye on their activities.

ONLINE PROTECTION TOOLS

Online tools let you control your kids' access to adult material and help protect them from Internet predators. Many Internet service providers (ISPs) provide parent-control options. You can also get software that helps block access to sites and restricts personal information from being sent online. Other programs can monitor and track online activity.

GETTING INVOLVED IN KIDS' ONLINE ACTIVITIES

More important than blocking objectionable material is teaching your kids safe and responsible online behavior, and keeping an eye on their Internet use.

Basic guidelines to share with your kids for safe online use:

- Never post or trade personal pictures.
- Never reveal personal information, such as address, phone number, or school name or location.
- Use only a screen name and don't share passwords (other than with parents).
- Never agree to get together in person with anyone met online without parent approval and/or supervision.
- Never respond to a threatening email, message, post, or text.
- Always tell a parent or other trusted adult about any communication or conversation that was scary or hurtful.

Basic guidelines for parental supervision:

- Spend time online together to teach your kids appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use, not in individual bedrooms. Monitor any time spent on smartphones or tablets.
- Bookmark kids' favorite sites for easy access.
- Check your credit card and phone bills for unfamiliar account charges.
- Find out what, if any, online protection is offered by your child's school, after-school center, friends' homes, or any place where kids could use a computer without your supervision.
- Take your child seriously if he or she reports an uncomfortable online exchange.

Call the National Center for Missing and Exploited Children at (800) 843-5678 if you're aware of the sending, use, or viewing of child pornography online. Contact your local law enforcement agency or the FBI if your child has received child pornography via the Internet.

TELEPHONE SAFETY

TIPS

- Never give your name, address, or phone number to someone you do not know.
- Use your first initial and last name as information.
- Use an answering machine when not at home. Do not state in your message that you are not home. Say that you are unable to come to the phone at the moment.
- In case of emergency, know what number to dial (911) and what to say when calling.
- Don't release any personal information if called about surveys, contests, subscription drives, purchases or deliveries until the source of the call has been verified. Ask for their phone number and mention that you will return their call later. Verify if the phone number is legitimate.
- Never give any information to "wrong number" callers. Ask for the number they are trying to dial.
- Always give the impression you are not alone.
- If the caller asks for someone who is not available, say that they can't come to the phone at the moment. Ask for a name and number to return the call.
- If it becomes clear that a caller is harassing, hang up immediately. Report any continuing incidents to the police.
- In harassment situations, do not become emotionally involved. Don't try to discourage calls by yourself. Always disconnect the call and contact your phone company or authorities if needed.
- If all else fails, change your phone number and have it unlisted.

TELEPHONE HARASSMENT

It is harassment when someone calls and uses obscene or threatening language, or even heavy breathing or silence to intimidate you. It is against the law to make obscene or threatening calls.

Just one unwelcome, obscene call can be considered harassment. Your telephone company, however, might require these calls to be frequent to take action. (If the phone call results in threatening bodily harm or life, action will be taken immediately by your phone company and the police).

Call "Traps" or Call Traces may be setup by your phone company to help determine the location of these harassing calls. Each local phone company differs in policies dealing with harassment cases, but they will all point you to someone that can help.

Everyone is encouraged to contact their local law enforcement with harassing callers that are persistent, especially the calls that threaten harm or lives.

Preparing for an Emergency Makes Sense.

The likelihood that you and your family will survive a house fire depends as much on having a working smoke detector and an exit strategy, as on a well-trained fire department. The same is true for surviving a terrorist attack or other emergency. We must have the tools and plans in place to make it on our own, at least for a period of time, no matter where we are when disaster strikes. Just like having a working smoke detector, preparing for the unexpected makes sense.
